

## VICTORIAS PREMIER MR DAN ANDREWS

02.08.2021

Many things have been said and written in regards to the Victorian Premier Dan Andrews and his handling of the whole COVID situation this year. He has been ruling rather as a dictator but is this the best way to sum up what he has been doing for the State of Victoria. As we know he has been held a very hard line in regards to restrictions and lockdown in Victoria. He public is rather divided as there are many who say that he has been doing a great role but others who call him a dictator. In the current situation of the pandemic, it is difficult to take sides as many people have come down with the Delta variant and are dying. Unfortunately, we only see the results perhaps next year once it all dies down. With the current scene we have to perhaps be a little patient and see what the outcome will be. History will tell.
